

REMARKS

The application has been revised to change "1,4-vinyl bond" to --1,4-bond--. Since Butadiene units cannot have a 1,4-vinyl bond, it is believed to be readily apparent that this change simply corrects a clerical error and does not add new matters.

It is respectfully requested that this Preliminary Amendment be entered in the above-referenced application.

If any further fees are required in connection with the filing of this Preliminary Amendment, please charge same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
